A BRIEF INTRODUCTION TO HOAST INC.

HOast is a Subchapter S Corporation providing software for community associations. HOast's Headquarters is in St. Petersburg, FL. Our primary focus and expertise is online voting.

HOast is a Florida DBPR-approved CAM continuing education course provider (#6798). We currently teach three courses, each eligible for one hour HR credit:

#9628113 - Managing Owner Elections With Electronic Voting

#9628802 - The Election Process in the Digital Age

#9629915 - The Power of Proxies: How to Make Proxies Work for You

We started this business because we lived in a Home Owners Association and served on several committees. We quickly came to learn and understand the needs of people who enjoy community living.

HOast thrives on helping our clients get the best possible value from our products.

- We conduct hours of free online training and Q&A sessions every month
- We provide access to our scheduling calendar so that YOU can schedule a time to meet with us online
- At your request and for a nominal fee, we will attend your election to provide guidance and assistance

WE BELIEVE THAT EVERY COMMUNITY MEMBER FEELS MORE ENGAGED AND VALUED WHEN THEY HAVE AN ACTIVE VOICE IN THEIR COMMUNITY
